

Jenny Kae's Quilt Cream – Hand cream for quilters

Ingredients

- 108 grams (1/2 cup) solid oil like lard or coconut oil
- 18 grams (2 tablespoons) bees wax
- 1/4 cup water
- 1/8 tsp borax
- 3-6 drops fragrance or essential oil (optional)

Supplies

- Double-boiler
- Metal spoon
- Coffee frother or small wisk
- Kitchen scale (optional)
- Small wide-mouth glass jars

Directions

Add water to bottom pan of double-boiler put on low heat. Add solid oil and bees wax to top pan of double-boiler until melted, stirring occasionally. Remove top pan from heat. Add borax to water, stirring until dissolved. Add dissolved borax/water mixture to melted oil/wax mixture. Use frother or wisk to combine completely. When combined, pour into jar and refrigerate until solid. Remove from refrigerator and use. Cream is shelf-stable and can last for several months. Recipe makes about 8 oz.
